Reference Docket OST-2004-17343-36

This letter is to ask your support of the City's Small Community Air Service Development grant application and the proposed Redding - Los Angeles service by Horizon Air.

My daughter lives in Los Angeles and I either have to drive almost 3 hours to Sacramento or fly via San Francisco (very expensive) each time I want to fly down for a visit. Service directly to LAX would make this grandmother very happy and a MUCH MORE frequent flyer.

Thanks for your consideration.
